LB46 Choose Life License Plates—Support or opposition is based on the Final Reading vote to pass LB46 into law, which creates a specialty pro-life license plate with the message “Choose Life.”

LB327 Pro-life Title X Funding Provision - Support or opposition is based on the vote to remove pro-life language re-prioritizing Title X recipients in the state budget bill, which would have substantially reduced taxpayer funding for abortion providers in Nebraska. Senators marked as support voted to keep the language in the bill by voting ‘No’ on the motion.

LB470 Expanded Gambling—Support or opposition is based on a vote to indefinitely postpone LB470, effectively killing the bill. LB470 would have reduced the time limit and authorized debit card use and electronic tickets for Keno.

LB62 Eliminate Prohibition on Teachers Wearing Religious Garb—Support or opposition is based on the Final Reading vote to pass LB62 into law, which restores 1st amendment rights of teachers to wear religious clothing without fear of punishment by repealing a nearly 100 year old law.

LB461 Income & Property Tax Reform — Support or opposition is based on a cloture vote to end a filibuster and force a vote on the bill, which requires 33 votes. Senators in support of LB461 voted Yes on cloture, those opposed voted No.

LB68 Gun Rights—Support or opposition is based on the first round cloture vote to end a filibuster and force a vote on the bill, which requires 33 votes. LB68 is a gun pre-emption bill that prohibits local ordinances from enacting stricter gun restrictions than state law. Senators in support of LB68 voted Yes on cloture, those opposed voted No.

LB447 Repeal of Mandatory Minimums—Support or opposition is based on the first round vote to advance LB447, which repeals mandatory minimums, after the bill was amended to be limited to drug related offenses.
