- ★ Question 2. SUPPORT
- ★ Question 3. OPPOSE

Comments: I'm adamantly opposed to teaching gender identity in elementary schools. If the new standards are used here in Nebraska, then I will be removing my son from public schools and moving him to a parochial school.

MARY HILTON (Republican)
At-Large Lincoln City Council Candidate

- ★ Question 1. SUPPORT

Comments: The foundational purpose of our government is to protect life. I am an adamant pro-life supporter, and as a mother of seven children, I live pro-life. As a councilwoman, I will not only vote pro-life, but I will advocate for it.

- ★ Question 2. SUPPORT

Comments: The First Amendment to the United States Constitution guarantees our right to religion and the free exercise of this right according to the dictates of conscience. We go down a dangerous path when religious people are not protected and are asked to violate their consciences. The government must protect the religious and moral convictions of its citizens.

- ★ Question 3. OPPOSE

Comments: The Nebraska Constitution states, "Religion, morality, and knowledge, however, being essential to good government, it shall be the duty of the Legislature to pass suitable laws [...] to encourage schools and the means of instruction." Whereas religion, morality, and knowledge are essential to good governance, instruction about sensitive topics detached from religious and ethical foundations will only harm children. I believe sex education is best coming from children's parents.
