

Signature Removal Form w/ Instructions

If you signed the “Protect the Right to Abortion – Constitutional Initiative” petition and changed your mind, follow these steps.

The easiest way to complete the “Affidavit for Removal of Name on Petition Form” is to:

1. Go to your county clerk’s or election commissioner’s office with a printed form.
2. For the first two lines on the form, we have prefilled the form with the required description of the petition: “Protect the Right to Abortion – Constitutional Initiative”. If your form does not have the description prefilled on those lines, you will need to add the description.
3. Include your legal name (the name you used to register to vote), your home address, and the date you are completing the form in the presence of your county clerk/election commissioner.
4. Sign and Date the form in the presence of your county clerk/election commissioner.
5. Leave the form with your county clerk/election commissioner. They will mail the form to the Secretary of State.

The second option is to complete the above steps in the presence of a notary public.

Once a Notary signs and stamps your completed form, you can:

1. Deliver the form to your county clerk/election commissioner office.

OR

2. Mail the form to the Secretary of State

Nebraska Secretary of State
