## Pro-Abortion Initiative Measure *“Protect Our Rights”*

ELECTION 2024

### THE LANGUAGE:

**“All persons shall have a fundamental right to abortion** until fetal viability,<sup>[1]</sup> or when needed to protect the life or health<sup>[2]</sup> of the pregnant patient, **without interference<sup>[3]</sup> from the state<sup>[4]</sup> or its political subdivisions.** Fetal viability means the point in pregnancy when, in the professional judgment of the patient’s treating health care practitioner,<sup>[5]</sup> there is a significant likelihood of the fetus’ sustained survival outside the uterus without the application of extraordinary medical measures.”

◀ Supported by national abortion activist groups, Planned Parenthood, and the ACLU of Nebraska.

[1] **Allow late-term abortion** on babies who can feel pain in the second and third trimesters.

[2] **Abortion throughout pregnancy:** “Health” is determined solely by the abortionist and can **include non-medical factors** such as mental, spiritual, financial, or familial health.

[3] **Enable abusers and traffickers** by eliminating parental notification requirements.

[4] **“Without interference from the state” eliminates all laws regulating the abortion industry,** including women’s health and safety requirements.

[5] **“Viability” is determined solely by the abortionist** and would not include any baby who may need “extraordinary medical measures,” such as a stay in the NICU.

### TAKE ACTION

- ▶ Nebraska can be the *first* state to defeat the abortion industry.
  - **Vote “Against” on November 5th.**
